

MICHAEL ROSENBERG, MD

*Associate Professor of Radiology & Surgery
University of Minnesota Medical School
Twin Cities Campus
Minneapolis, MN*

*Executive Medical Director
Interventional Radiology & Vascular Imaging
Department of Radiology
University of Minnesota Medical Center
Minneapolis, MN*

Michael Rosenberg, MD, is board certified in diagnostic radiology with added qualification in vascular interventional radiology. He is a fellow of the Society of Interventional Radiology and of the American College of Radiology. He is also a diplomat of the American Board of Venous & Lymphatic Medicine. He specializes in endovascular treatment of pulmonary embolism, aortic aneurysms, peripheral artery disease, varicose veins, and deep venous thrombosis, and helped pioneer early methods of stent graft repair of aortic aneurysms.

Dr Rosenberg earned his medical degree at University of Minnesota, Minneapolis, where he also completed a radiology residency and a cardiovascular/interventional radiology fellowship. He joined the U of M faculty in 1997.

An active researcher and entrepreneur, Dr Rosenberg holds 82 patents and has participated as principal investigator or co-investigator in several clinical research trials.

Dr Rosenberg has authored numerous articles in peer-reviewed medical journals, as well as several book chapters. He has been an invited speaker at several national and international conferences, and has presented his work at multiple national and international symposia.

Dr Rosenberg is a member of the Society of Interventional Radiology (SIR), the Radiological Society of North America (RSNA), the American Roentgen Ray Society (ARRS), the American College of Radiology (ACR), the American College of Phlebology (ACP), the Twin Cities Medical Society (TCMS), and the Minnesota Medical Association (MMA).
