

UNIVERSITY OF MINNESOTA

Practical Pediatric Dermatology for Primary Care

Date: May 21, 2021

Time: 8:00 am – 11:45 am CST

Location Live Webinar

For more information or to register: z.umn.edu/pedsderm

Format: Live webinar

This activity is planned and hosted by the University of Minnesota Department of Dermatology.

Practical Pediatric Dermatology for Primary Care will be a high yield virtual CME event hosted by the Pediatric Dermatology team at the University of Minnesota. The course will occur May 21, 2021 in the morning between 8am-12pm. Local pediatric dermatology experts will discuss common skin conditions affecting the pediatric population. Updates on atopic dermatitis management, common skin infections and diaper rashes will be included. In addition, our guest speaker, Dr. Kelly Cordoro, MD from the University of California, San Francisco, will discuss the care of pediatric patients with psoriasis. We hope you will join us for this virtual activity.

Topics include:

- common skin conditions affecting the pediatric population
- atopic dermatitis management
- common skin infections
- diaper rashes
- the care of pediatric patients with psoriasis

[View agenda](#)

Purpose or Objectives: At the conclusion of this activity, the participant will be able to:

- 1 Discuss updates and novel developments in dermatologic disease processes
- 2 Apply new approaches to the management of common and selected pediatric dermatological conditions when appropriate
- 3 Discuss the significance of recent updates regarding pediatric dermatologic processes for current and emerging therapies
